

Vacuum Pump

For home vacuum package, vacuum article store Vacuum products machining, craft producing, air condition and so on. For medicament, environment protection, laboratory and other industrial equipment.

For home vacuum package, vacuum article store Vacuum products machining, craft producing, air condition and so on. For medicament, environment protection, laboratory and other industrial equipment.

Vacuum Pump

AS20

Vacuum Pump

Features

- Oil free, piston type, no air pollution
- The vacuum gauge can show the vacuum degree when vacuuming
- Low noise, 45db

AS20W

Inflation Air Compressor & Vacuum Pump

Features

- Oil free, no air pollution
- Collocated with HS-B1 multi-functional inflating air hose suitable for:
 - a. Inflating cars, autobikes
 - b. Inflating tyres
 - c. Inflating different kinds of balls
- Open and close the tyre valves
- The gauge can show the inflating pressure directly
- The vacuum gauge can show the vacuum degree when vacuuming
- The customer can change the inflation pump into vacuum pump easily just change the adapter from one port to the other port
- Low noise, 40db

AS20-1

High-speed Motor

Features

- Oil free, Piston type, no air pollution
- The vacuum gauge can show the vacuum degree when vacuuming
- High speed, high vacuum degree
- Low noise, 47db

AS26

Vacuum Pump

Features

- Oil free, membrane type, high air flow
- The vacuum gauge can show the vacuum degree when vacuuming
- Low noise, 50db

AS29

Vacuum Pump

Features

- Oil free, membrane type, high air flow
- The vacuum gauge can show the vacuum degree when vacuuming
- Low noise, 55db

AS30W

Inflation & Vacuum Pump

Features

- Oil free, piston type, no air pollution
- The vacuum gauge can show the vacuum degree when vacuuming
- Low noise, 45db

AS30

Mini Vacuum Pump

Features

- Oil free, double cylinders, piston type, no air pollution
- The vacuum gauge can show the vacuum degree when vacuuming
- Low noise, 45db

Model	Power HP	Speed/min		Vacuum Degree	Air flow L/min	Max pressure		N.W. kg	Single Dimension LxWxH(cm)	Carton Dimension LxWxH(cm)	PCS/CTN	Carton Weight N.W./G.W.(KG)
		220-240V 50Hz	110-120V 60Hz			BAR	PSI
